THE RED CROSS IN ANNUAL ROLL CALL

Eighth Annual Occasion Here—Executive Committee And All Red Cross Officers And Friends To Meet Monday Evening

HOTT, ROLL CALL CHAIRMAN

Session Monday Night Will Be Held In Municipal Building, At Which Time Plans For The Drive Will Be Completed—Time Of Meeting Is 8:30

The officers of Charleroi Chapter of the American Red Cross are completing plans for the membership drive. The Executive committee is called in special session in the Municipal building on next Monday evening, November 10, at 8:30 o'clock. All the workers and friends of the Red Cross are welcome at this meeting.

A general report of the activities of the Chapter for the past year will be read, and arrangements made for the drive. George W. Hott has been named as Roll Call chairman. A portion of the committees are already preparing maps and plans to cover the borough in a thorough manner.

All of the old Red Cross workers are urged to get into the "happiness once more." Volunteers are called for. If you will serve in the work, send your name to Mr. Hott and he will place you on the active list.

The call comes to us as it does to the other three million and more members to prepare and go forth to do our part in this commendable work. It is desired that all again respond, and feel that you will do so.

Just a little over one year ago a terrible earthquake destroyed a large area in Japan, at which time countless thousands lost their lives. Our own Chapter and its auxiliaries gave the magnificent sum of \$113.34. The splendid work of all was duly appreciated, and we received the heartfelt thanks of a grateful nation.

The Seventh Roll call came soon after, and in spite of the faithful work of the communities, we were not able to raise our budget. The first report of the Roll Call chairman shows that the net amount remaining after sending the National Chapter its share, was \$1645.15. Not in any way sufficient to carry on our work. We have been helped, however, by the various clubs of the borough in a splendid manner and we appreciate the fine spirit of these splendid women of the town in their assistance.

Complete reports will be made and printed, and audited by representatives from each of the banks. John D. Berryman, chairman, local Chapter.

Valuation Of City Property At County Seat Is Increased

Notices of new assessment of real estate under the third class city government have been sent out this week by City Assessor William Milne of Washington, the work having all been completed. This was a long, tedious job and Mr. Milne has been at work on it for several months.

A general raise in valuations was expected by all property owners. A number of property owners seem to think the assessment on their property is too high, and it is probable that council will have a busy time hearing appeals, the first of which will begin next Monday, when the First and Third wards will be heard. Appeals from other wards will be heard on succeeding days.

In making the assessments, Mr. Milne stated that he tried to follow the law as nearly as possible which states that the value shall be what the property would bring at a forced sale. He has assessed the real estate and the buildings or improvements thereon separately. This was not required but he did this so that the people would get a better idea of how he arrived at the value. He stated that it was his aim, in assessing to place as

NO CURE FOUND FOR THE CHESTNUT BLIGHT

Harrisburg, Nov. 7.—No cure has yet been found for the chestnut blight, plant industry specialists said here today.

No cure, it was stated. The one remaining hope is that trees immune to the disease may be found and planted.

ELKS DANCE HELD TONIGHT

The Elks dance, the regular fortnightly event, will take place this evening at the Elks ballroom and with the Golden Gate Eight orchestra as the chief attraction, the affair promises to be a success.

A large crowd is anticipated, and the committee in charge promises a good time for all.

STATE HAS 75,000 GAS PRODUCING WELLS

Warren, Nov. 7.—There are 75,000 producing gas wells in Pennsylvania, with an average daily production of one quarter of a barrel per well.

P. H. C. IS TO HOLD A BIRTHDAY SOCIAL

This evening in their hall, the P. H. C. will hold a birthday party to which the membership and public are invited.

Each and every member of the Red Cross to feel that your funds are safe-guarded and that they are wisely dispensed, and that we are pleased to have you know where every dollar goes.

It is the sincere hope of the officers of the local Chapter that sufficient memberships will be taken to insure the work as now conducted. There are many helpful things we could do if more funds were available. Last year we secured 1277 annual memberships at \$1 each, 34 continuing memberships at \$5 each and five sustaining memberships at \$10 each. The Chapter needs more of these sustaining memberships and we should have easily 100 contributing memberships. The American Red Cross offers you the opportunity to help in a World-wide work for humanity. Let us have over the hundred in this larger giving. God's blessings are continually poured upon his people. "Let us never forget."

Other reports of the work of the local Chapter of the American Red Cross will be given later. John D. Berryman, chairman, local Chapter.

The Teams Are Ready And the Largest Crowd That Ever Attended a Sporting Event Is Expected; Charleroi Team In Seclusion After Today's Practice

With a final workout this morning at 9:30, the Charleroi High squad will put the finishing touches on their offense for the big game tomorrow. Coach Stepanian is pleased with the condition of his men and expects them to play their best brand of ball tomorrow. He is not fully decided on his lineup for the kick-off. The boys are anxious for the whistle and feel that if the weather man is kind until the game is over they will emerge with a victory. Some time today Coach Stepanian and D. L. Glunt with twenty-two men will leave Charleroi and remain in seclusion until an hour or so before the game. Where they are going is known only to the coach. This plan will keep the boys away from the excitement and the over enthusiastic who are often a bad influence on a high school team.

A request is made by the management that owners of cars leave them at home or arrange to park on some of the side streets, as the sun glaring on windshields cast blinding rays of light on the playing field, according to local players.

Students are planning a Snake Dance at 8 tonight.

They will be led by local band and will organize at the corner of McKean avenue and Seventh street.

The kick-off takes place promptly at 3 p. m., and the parade will leave the station square at 7:30 o'clock. The students are working up stunts that will prove interesting. The police are to report for duty at 1 p. m., and the gates will open as soon as they appear. Ticket sellers will be stationed along McKean avenue, and time will be saved by purchasing tickets on the street. Those holding season tickets can help matters by removing their ticket from the book before reaching the gate.

If the weather continues as the largest football crowd in the history of local sport is looked for and they will be well repaid as both teams are set to win and that generally results in real football.

Everybody out and bring your enthusiasm with you. Get there early and buy your ticket tonight at Piper's, Hennings, or the Grand Pool room.

The clothing firm of Goldstein and Lieber at Fifth and McKean avenues, have offered a Knox hat to the member of either of the contending teams that meet here tomorrow, who scores the first touchdown.

Eastern Star Completes Plans For A Dance

At the close of the regular monthly session of the Charleroi Chapter No. 122, Order of Eastern Star held in the Masonic rooms, McKean avenue and Fifth street last night, the entertainment committee appointed by Worthy Matron Mrs. Naomi Hamulson, met in special session for the purpose of furthering plans for the entertainment and dance to be held in the Masonic rooms Tuesday evening, November 18. Tickets were distributed among the members and from present indications the affair promises to be one of the big social events of the season.

A very pleasing program is being arranged in addition to the dancing, which will be given from 8 o'clock, after which dancing to good music will be the chief diversion.

The decorating committee is seeing to it that the rooms will be a pretty scene for the great occasion, while the refreshment committee will have "cats" on hand that night.

The festivity is to be a benefit affair, the proceeds to go toward the maintenance of charitable work in the community and district. Mrs. Russell Blythe is general chairman, and under her capable management, with the assistance of her aides, the entertainment and dance is bound to be a success.

Dr. Johnson comes here highly recommended as being an authority on this subject, and his address will not only be interesting but beneficial to all.

Stockholders Effect An Organization

Last night the stockholders of the Charleroi Home Building Company held a Charter Organization meeting in the secretary's room of the Charleroi Chamber of Commerce, Municipal building. A charter to transact the business of the company, was applied for in legal manner and has been granted by the State, the session last night being for the purpose of formal organization. Directors elected were:

John B. Schafer, R. H. Rash, George W. Might, R. Carl Mounter, Kerfoot W. Daly, Robert Sphar, S. L. Woodward, Louis Collins, Walter Byrly. The directorate elected the following officers:

President, John B. Schafer; vice president, Walter Byrly; secretary, George W. Might; treasurer, Kerfoot W. Daly.

The McKean-Sphar plot of ground has been surveyed, containing 27 acres, more or less, and laid out in a Pittsburgh concern, with E. J. P. Ross, engineer. The grading, sewerage, water and gas lines will be started as soon as possible this year. Improved road will be run through the plan.

This company as we understand it, is capitalized to an extent enabling it to afford aiding the poor man to "own his own home." With the present congested housing conditions of the borough, the company's organization promises to fill a "long-felt want."

The business session followed a dinner. The treasurer showed a balance of \$2,000 in the treasury. Other officers chosen were as follows: Vice president, J. C. Corbin; secretary, J. Corbin Barclay; treasurer, Harry P. Larimer. Support for the Armistice Day celebration was pledged and the sum of \$50 contributed to the fund being raised by the Monongahela post of the American Legion.

The directorate elected the following officers: President, John B. Schafer; vice president, Walter Byrly; secretary, George W. Might; treasurer, Kerfoot W. Daly.

Fall Rally Of The Epworth League To Be Held This Evening

POLICE ARE TRYING TO CONNECT CRIMES IN MAN MISSING

Pittsburgh, Nov. 7.—McKeesport and county authorities today were seeking to establish some connection between the mysterious disappearance of Danny Place, Wheaton, Ill., college football player and the dynamiting of an automobile of William Elginfritz in McKeesport some time ago.

The automobile dynamiting resulted in a serious injury to a boy seated near the machine. Police say they believe the explosion the result of a plot, to take the life of Elginfritz, who three months ago married Danny's best girl.

They are expected to patronize the Bazaar, as well as the public.

Thursday, November 20, the second November meeting of the Post will be held at which time nominations will be received and election of officers will take place.

Pittsburgh, Nov. 7.—A husband's jealousy over the attention paid by his wife by an admirer, was believed to be the motive behind a murder and suicide discovered in a vacant apartment in Oakland today.

Pierce Eiseoli became the constant companion of Mrs. Joseph Poirnaire, proprietor of a baking shop, while her husband was in jail on a charge preferred by a young girl, a former employee.

The husband learned of this and when released from jail he lured Eiseoli into the vacant apartment, police said, shot and killed the man and then committed suicide.

W. E. CRAFT SUFFERS BROKEN LEG THROUGH A FAL

William E. Craft of Morris town, ship, was taken to the Washington hospital last evening suffering from a broken leg, which he sustained yesterday while hauling wood. Mr. Craft was kicked by a horse about four weeks ago and it is believed that his injury yesterday was partially due to the former injury.

Mr. Craft was in the woods south of his home when the accident occurred. He stepped on a piece of wood, which turned, throwing him to the ground in such a manner as to break the fracture.

John F. Post and son Lester Post of Washington, happened to be hunting near the scene of the accident and went to Craft's assistance. He was hauled to his home on a sled and later taken to Washington on recommendation of Dr. J. H. Cary of Washington, who had been called. The injury was X-rayed before the fracture was adjusted.

American Legion Troop Scouts. The American Legion Troop No. 7, Boy Scouts, are requested to meet at the Borough Building, Saturday morning at 9 a. m. 13211

Three or four hundred young people from Monongahela Valley and Washington county are expected to attend the fall rally of the Epworth League to be held in the Charleroi Methodist Episcopal Church at 7:30 o'clock tomorrow.

The features of the program will be an address by the newly elected superintendent of the Washington district, the Rev. J. V. Wright, D. D., of Pittsburgh. Greetings will be presented by the Rev. R. P. Graham of Bentleyville, and the Rev. J. E. Morrison pastor of the local church. The League will present the pageant "The Challenge of the Cross."

Hughie Manson Defeats Tomasky Making Second Bout Feature of Show

It took a couple of kids to furnish the action last night at the Palisades McKeesport, for it was Hughie Manson of Homestead and Andy Tomasky of Wilmerding who gave a fair sized crowd a thrill. These two little fellows put on 10 rounds of red hot action in a bout that was good throughout. Put on as second main bout, these two lads pleased everyone and at the end the verdict was given to Manson on a clean cut victory over his heavier rival.

In the last main bout Young Xey and Joe Moore renewed their feud, and the action was as good as the first.

Due to his rapid fire, sure shooting of a left-hand which had Moore in distress upon many occasions. These two welters put up a real fight, full of action from bell to bell, but the preceding bout took the edge off the fun.

Moore and Gony recently met and put up a fine scrap but last night's affair, while not quite so strenuous, satisfied the fans. Moore proved to be a willing customer and made the Greek extend himself upon all occasions.

Recently graduated from the amateurs, Manson and Tomasky showed that fighting for medals or money it was only a case of real action from gong to gong and though the verdict was given to Manson, Andy also earned his share of glory. Manson had an edge in six of the 10 sessions but a whirlwind finish by Tomasky in the final round had many of the ring-fighters in doubt.

Two willing lads both fast as greased lightning made it 10 rounds of classy boxing and it was at boxing that Manson proved himself master of the aggressive little Wilmerding boy. Giving away an advantage of four pounds, Manson fought very well considering that Tomasky is the hard-

er bitter of the two and upon several occasions his swings rocked the lighter Homestead kid. In the eighth round Manson closed Andy's left eye and from then on started to lead his opponent.

Moore and Xey both gave their best and while both lads hit hard the damage was slight though Joe showed a damaged eye when the final bell sounded. By many, the show was voted as the best of the season.

OWNER BAKER DENIES RUMOR OF SALE OF PHILLIES TO CLARKE

Another yarn which had the purchase of the Phillies absolutely certain to be consummated was spiked again yesterday by President Wm. F. Baker of the club. Baker denied vehemently that there was any truth in the tale which came to Pittsburgh that Fred Clarke, former Pirate and manager contemplated buying the Phils.

"The Phils are not for sale and there is no truth whatever in the rumor," said President Baker. That is all the executive of the Phils would say on the matter.

Time and again have reports been spread round that the Phils have either been for sale or deals made whereby the club was to change hands but each time the alarm has proven to be a false one.

The departure of Johnny Chapman who went to the Pirates by waiver is something of a surprise to the fans as the Temple star played brilliantly during the last season while Galloway was out of the lineup and many believed he was on his way to winning the position regularly. Mack did not see great need for him, however, as he considers Galloway one of the stars of the game at shortstop.

"We need Chapman only to fill in," he said. "He played good ball for us but we would have been forced to farm him out another year as he was not ready for the American League and so we put him up for waivers. As long as Pittsburgh claimed him we let him go."

RAILWAY TUNNEL

WRECK FATAL TO TWO PEOPLE

Rouen, France, Nov. 7.—A wreck occurred in the pitch darkness of the mile-long railway tunnel near Rouen last night, when the "London Express," carrying Americans and many British from Paris to Havre was derailed.

At least two persons were killed and six seriously injured. Walter Murray, Moscow correspondent of the New York Times, had both legs broken.

Four cars of the express, including the diner, jumped the rails while the train was roaring through the tunnel. Following the splintering crash, scenes of wildest confusion ensued in the darkness. While rescue workers were struggling with lanterns to get out the victims, a freight train thundered into the tunnel and smashed into the debris.

Darkness hindered the rescue work. The tunnel is a little distance from Rouen. There was a panic among the survivors, and the full extent of the catastrophe could not at first be determined.

GAS

in the stomach is a common disorder causing much discomfort.

Gas inflates the stomach, forcing it to crowd the heart and makes it beat irregularly. The lungs are crowded and because they cannot properly expand, the patient often takes a deep breath to get enough oxygen. These and other distressing symptoms are warnings that digestion is impaired and needs attention.

Remember for every effect there is a cause. Let me explain how CHIROPRACTIC ADJUSTMENTS correct the cause of Gas in the stomach.

TRINKETS OF SLAIN SOLDIERS UNCLAIMED

5,000 in Collection at the War Department.

Washington.—There are more than 5,000 poignant human interest stories buried here in Washington—unwritten because no "outsider" can find words potent enough, untold because the persons most interested cannot be found to tell them. Each story is materially represented by a trinket, paper wrapped, lying in a special room of the War department.

War stories they are—tales of soldiers who have fought in battles here and in other lands, who have died in service and whose relatives have never been found. Their trinkets, their jewels and keepsakes, taken from their still forms on fields of battle, all are there awaiting for the call of someone who has the right to claim them.

Good luck charms there are by hundreds—charms which failed to keep their owners safe from harm. And there are decorations and medals of all kinds which testify to the valor of their winners, though there be none to know they were won.

Strange Stories Never to Be Told. Strange are the stories that the trinkets would tell—if they could; stories of reckless desire to win distinction for someone back at home; tragedies of human hearts made rashly brave because someone did not care; debonair eagerness for experience—and heartbreak for countless families left at home to wait and hope.

There are hundreds of photographs of beautiful girls, smiling or sad-eyed, taken from breast pockets of soldiers on battlefields. There are diamond rings, fashioned for feminine hands, which went to the war with their purchasers because "someone" withheld her consent. There are remnants of bullets and toy cannons whittled of wood. There are costly gems, Liberty bonds and sums of money.

Families have doubtless been left destitute but could not be given the wealth these soldiers possessed. Other apparently worthless trinkets would be priceless to mothers, fathers, wives and sweethearts of those who died.

But all have been unclaimed. John W. Robins has their charge. His is the task of locating relatives to whom these belongings of service men left on battlefields and in camps should be returned.

Although countless of the living have been connected with their dead, there are more than 5,000 packages whose should-be-owners among "the nearest of kin" cannot be found.

All wars are represented.

Tragic Romance Reached. A battered dollar watch which had done service for many years and was indented with marks of shrapnel was recently sent to the fiancée of the boy who carried it when he died. It was all she had, save memories of the lover to whom she had not said good-by, because she was in Cuba when he sailed. A mother, comparatively young six years ago, now aged and grayed with grief, came to Robins for help in locating the grave of her boy. He had worn a ring bearing the family coat of arms, she said. After four years the boy was traced to a nameless grave in France.

A youthful lieutenant wore a sorority pin over his heart when he died. With only the name of the sorority, search was started and inquiry at college after college finally located the girl to whom he had been engaged and made possible the marking of his grave.

Only a few weeks ago a family ring worn by a soldier of the Civil war was returned to the widow, who, for all these years, had thought it lost.

Of the thousands of soldiers who have died in the service of this country, the effects of more than three-fourths have been returned to those who have the right to them.

In Society's Realm

Howard Libengood was delightfully surprised at his home in Oakland avenue recently with a birthday party. The time was spent in games and card playing after which a luncheon was served by the hostess Mrs. Libengood, assisted by Mrs. Charles Culbertson and Mrs. John Chesman. The honored guest received many gifts, among them being a beautiful bathrobe presented by the Merry Menders club.

Misses Mary and Pauline Latchem of Roscoe were the joint hostesses at the regular meeting of the Fortnightly Bridge club held last night in the Community room of the Elks club with every member present, totaling 16. A pleasant evening was spent in playing bridge, four tables being in play and the favor was awarded to Mrs. Betty Kalback. At the conclusion of the games, luncheon was served in the Elks dining room.

of Fallowfield avenue and Ninth street last night, the sewing club composed of the sales force of the store of J. W. Berryman & Son was entertained. After an enjoyable evening spent in games, social converse and sewing, the guests were ushered into the dining room of the McCann home, where a delicious dinner was served, covers being laid for fifteen. Adjournment was made at a late hour.

The Sewing Circle of the First Christian church met at the home of Misses Tina and Joan Furnier of Fifth street last evening with twelve members and two visitors present. The evening was spent in fancy-work and sewing in preparation for the forthcoming Christmas bazaar to be held December 12 and 13 in the church. At close of session a delicious luncheon was served by the hostesses assisted by Miss Rose Francis.

In honor of Mrs. Wesley Peters, who celebrated her birthday anniversary yesterday, a birthday surprise party was tendered by friends last night at her home in First street with approximately 25 present. An evening of enjoyment was spent in games, the feature of entertainment being several selections sung by Mrs. Frank Kurpiusweit. Mrs. Peters received many lovely gifts. Luncheon was served at the close of the evening by the hostesses, Mrs. James Lundy, Mrs. John Deitz and Mrs. Paul McKita.

Last night the Thomas P. Tweed company girls were entertained by Mrs. Mary Myers at her home in the Frew apartments, Fallowfield avenue. The meeting was the regular bi-monthly session and an enjoyable time was spent in social converse, sewing and music. There was a very good attendance present. In closing, Mrs. Myers served a delicious luncheon in the dining room, covers being laid for seventeen. The next meeting will be held at the home of Miss Gertrude Fries of Fallowfield avenue, Thursday, November 20.

Wrens and Catbirds Had Nests Together

A very interesting and rather unusual incident, showing how neighborly birds may be, happened last spring, writes Elizabeth Frederick in Our Dumb Animals. A friend of mine has a cottage, and there is a certain vine growing close to a window, which is a favorite nesting place with birds. This year two different families, a pair of wrens and a pair of catbirds, decided to nest here, and so they set about building their homes. Strange to say, there was no quarrelling over this, but each pair minded its own business, and when their homes were finished, lo and behold! there, perched upon the edge of the good-sized nest of the catbird, was the dainty little nest of the wren.

Never were two families more sociable. Together the mothers sat on their eggs, and perhaps they chatted about different things to make the long hours of waiting less lonesome. Together the wrens and the catbirds fought the cat and bravely defended their homes, when the babies were hatched, and side by side they raised their families and taught them how to fly. Now there is nothing left but the two nests to show this unusual friendship between two bird families.

Large Insect Collection

The British museum possesses by far the most comprehensive insect collection in the world, says London Tit-Bits. It has not until quite recently been possible to make an exact catalogue of all items, but after three years' work one has now been completed and published.

According to this, the collection contains 767 butterflies of 40,210 different kinds, 398,000 beetles of 67,300 different kinds. Of bees, wasps and winged ants there are 19,608 kinds. Of bugs, flies, gnats and mosquitoes there are 7,267 species represented; of grasshopper types 3,900, and of plant lice 21 species in 140 items.

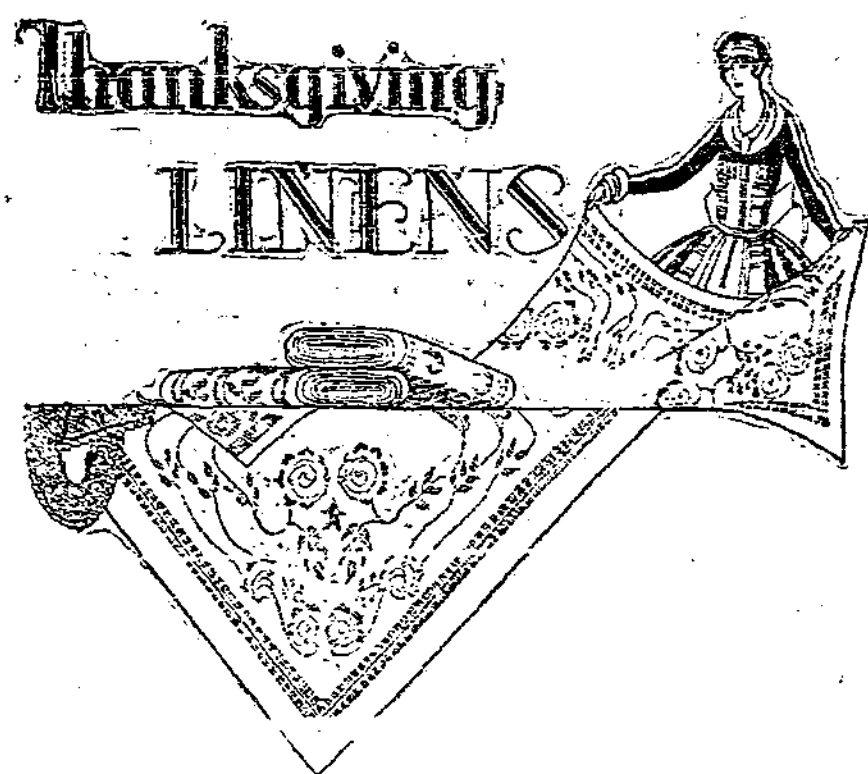

Private donors have done most to swell the collection. One alone gave 230,000 insects, another 30,000, while one entire collection of butterflies which was presented consisted of 31,150 specimens.

Savings Deposits

There are many people who delay the opening of a Savings Account because they feel that a small deposit will not be welcome and that it is better to wait until they have accumulated a considerable sum. Too often they keep on waiting.

The First National Bank wants you to know that we welcome Savings deposits in any amount from \$1.00 upwards and that the size of the account does not matter so much. The REGULARITY with which you save means more to us—and to you—than the amount deposited.

A GREATER CHARLEROI.

Charleroi people, in fact all residents of the borough and the community are looking forward to the time when a Greater Charleroi will be a truth in reality and in fact. The town has made wonderful strides since its inception in the days of the eighteen hundred and nineties, but there remains even more to be accomplished than has been achieved. What is true in this respect of the borough, is alike true of the entire Monongahela valley. This portion of the state is its infantile days.

Through the Charleroi Chamber of Commerce and the enterprise of public-spirited citizens, business men and private residents, means and measures have been pursued in the past two or three years for example which are the stepping stones for civic progress. The borough now has the Great White Way; improvements are being made to the streets of the town as rapidly as council can finance and have the work incident thereto executed; the Chamber of Commerce is aiding council in propositions looking for borough weal, and the Chamber has been instrumental in highway improvements, arteries of commerce to the borough in which all are interested, and now the members are behind a movement looking to the feasibility, and the practicability, of changing the form of government here from a borough to a city of the third-class. However, this important matter is in the hands of a committee of competent business men, who will give the weight of their deductions in due time. The public can rest assured that it will be made fully cognizant of the advantages of such change, providing the proposition comes before it where its assent or declination is solicited.

Another matter in which the public is interested, is in the home-building proposition here, whereby business men and citizens of the town acquired property near the borough, and the same has been surveyed and subdivided into lots. At a meeting last night of the promoters, formal organization of the company was effected, officers elected, and the lots will be offered for sale within the course of a short time. It is even understood that the company known as the Charleroi Home Building Company, will assist in financing the "owning your own home" proposition to all people interested; and particularly, will this appeal to those who have a "little bit of money," but insufficient to finance a home on the plot of their own accord.

With the election of President Calvin Coolidge, business in a commercial, manufacturing, and in mining sense, promises to take on a new lease of life, and prospects for the working man and the business interests of the borough and the community augur to assume most encouraging proportions.

All of which tends to show that Charleroi and this community are bound to push forward to a coveted goal that will be the astonishment as it will be the admiration of outsiders, who, seeing our prosperity, will want to join us and do their mite in making a Greater Charleroi—and the additional deduction or corollary of a greater community.

RATES A LEATHER MEDAL.

Mr. Bok, who paid \$50,000 for another scheme to get the United States into the League of Nations, has been decorated by the Queen of Holland, his native country, "Because of her majesty's recognition of your faithful attachment to the country of your birth." Unfortunately we have a lot of other hyphenated Americans within our borders who remain more loyally attached to their native land than to the Nation that has given them a home and made them wealthy. But patriotic Americans will take care that citizens of that class will have little to do with shaping our foreign policy.

Political economy, my son, is not well, I suppose it's not buying any more votes that are wanted.

ALL OUT OF SORTS?

So Was This Charleroi Woman Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Charleroi case is one of many.

Mrs. Olin Harper, 224 Washington Ave., says: "I was taken with an attack through the small of my back became so lame I couldn't do much of anything. When I stooped, sharp pains darted through the small of my back and I felt miserable. Dizziness came on when I made a quick move. Doan's Pills fixed me up in fine shape and I know my cure is permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Harper had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

On Road to Boneyard
"I have just finished a treatment of your wonderful remedy and can say it has done wonders for me already. For the past five years I have been unable to eat any but the lightest food and that but sparingly, as any food caused me to bloat with gas. I was reduced to a skeleton of ninety pounds, and was on the road to the boneyard. A friend in Birmingham sent me a bottle of Mayr's Wonderful Remedy, which I took, and I am sure it will entirely cure me of my trouble, judging from what it brought from me and the way I feel." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

"A" CAN CAST HIS VOTE WITHIN ELECTION LAWS

Charleroi, Pa., Nov. 7. Editor of the Mail, Dear Sir: Will you please answer this question through your paper this evening: "A" says he can vote in one of the squares on the left side of ballot, known as the Straight Ticket square. For example: On the above left side and then go over and vote for the Republican members of Assembly, Messrs. Heffran and Townner. Understand, he has already marked his ballot in the Democratic Straight ticket square at the left of the ballot.

"B" says this ballot will be thrown out by the Election board. Your opinion will be appreciated in the dispute. Very truly, "T. M. R."

Answer—The voter has the right to "split" his ticket, as provided by the election laws. "A" is correct in his contention; the fact that he put an "X" in the Democratic square and then voted for Messrs. Heffran and Townner, was within his province, and does not invalidate the ballot. The ballot counts. It means that the man having the right of franchise cast his preference for the Democratic candidate in all cases save in the square for assemblymen.

Each additional precinct reporting cut down the Coolidge lead, but it will be impossible for LaFollette to make any substantial gains, statisticians declare.
